

# X-Band High Gain Antenna

## Uses

- Satellite communication

## Features

- High gain in front direction
- Wide bandwidth
- Low return loss
- Low profile
- Small size and light weight
- Frequency range is X-band

Specifications	
Type Name	PAC-8G05
Frequency	X-band
Impedance	50Ω
VSWR	< 2.0
Polarization	RHCP or LHCP
Gain	24dBi (Peak)
Power Handling	< 20W
RF Interface	SMA-J
Size	300(W)mm × 300(D)mm × 15(H)mm
Wight	Approx. 1.3kg

Typical Radiation Pattern
